

Functional Group:  
 Products : Accessories : Studnuts and Studrods for Sandwich Manifolds : ISO  
 05 : 12 inch kit (4 each)

Model:  
 992-002

**Product Description**

To simplify the installation of ISO 03 and ISO 05 sandwiches, Sun offers uncut (can be cut to length in the field) or precut studkits in both inch and metric standard threaded rod. Once the rods are installed in a subplate or manifold, they act as a guide in assembling the sandwich body stack. After the directional control valve is assembled on top of the stack, Sun studnuts are used to retain the assembled stack.

**Technical Data**

|                                 | <b>U.S. Units</b> | <b>Metric Units</b> |
|---------------------------------|-------------------|---------------------|
| <b>Model Weight</b>             | 0.57 lb.          | 0.26 kg.            |
| <b>Hardness</b>                 | 26 - 32 Rc        |                     |
| <b>Internal Hex Size</b>        | 3/16 in.          |                     |
| <b>Minimum Tensile Strength</b> | 125,000 psi       | 8620 bar            |
| <b>Minimum Yield Point</b>      | 105,000 psi       | 7250 bar            |
| <b>Recommended Torque</b>       | 108 lbf in.       | 12 Nm               |
| <b>Thread</b>                   | 1/4-20            |                     |
| <b>Title</b>                    | Inch Standard     |                     |
